

Distributed Coding and Computation

[IEEE Journal on Selected Areas in Information Theory \(JSAIT\)](#)

Editor-in-Chief: Andrea Goldsmith (Princeton University)

Call for Papers

This special issue will focus on information theoretic aspects of distributed coding and computing. While applications and platforms such as distributed learning, cloud storage and computing, content delivery networks, and distributed ledgers are increasingly popular, there is a tremendous need to evaluate the fundamental limits of the existing solutions and develop efficient approaches
